Carnal Abuse Brings Man 3 Yr. Sentence

On March 28, Circuit Judge Lyle Brown, at the regular April term pre-trial session of Hempstead County Circuit Court, sentenced M. C. Flemmons, 21 year old Negro man from Prescott, to three years in the penitentiary on his plea to carnal abuse, which is having sexual relations with a female person under 16 years of age.

Flemmons was married and the father of a 7 months old child. He met the Hope girl involved (age 15) at a "honky-tonk" at Prescott, and brought her back toward Hope, where the offense occurred about two miles east of Hope on a side road.

When the girl got home late, her mother questioned her and notified the Hope Police and the Hempstead County Sheriff, who with Deputy Prosecuting Attorney John L. Wilson and Coroner Dr. Lynn Harris, made a thorough investigation of every phase of the case in the early hours on Sunday morning.

The Prosecuting Attorney's office has stated that the criminal statutes in regard to molesting girls under 16 years of age will be strictly enforced. In addition charges of juvenile delinquency will be filed against the girl.

A final report on cotton ginned from the crop of 1959 shows Hempstead with 3,775 bales as compared to 2,552 the previous year. Lafayette county ginned 12,103 bales from the 1959 crop and 7,198 during 1958.

Miller county ginning totaled 6,007 as compared with 3,773 bales from the 1958 crop.

Hope Chamber of Commerce office has been redecorated inside and out.

Minstrel to Preview at Blevins Tues.

A preview of Hope Kiwanis Clubs' 17th annual minstrel will be shown in Blevins High School auditorium at 8 p.m. Tuesday, April 5.

The event is sponsored by the senior class of Blevins and all proceeds will go to the youth program at Blevins. Tickets are being sold in Blevins by the senior class members.

The show is timed at 1 hour and 45 minutes with a 15 minute intermission.

The Kiwanians, with an all-local cast, will present their show in Hope on Thursday and Friday nights of next week, April 7 and 8 at the Hope High School auditorium.

Former Hope Man Dies in Texas

Carl Aubrey, formerly of Hope, died at his home in Dallas, Monday morning, March 28. He was a nephew of the late Lon McLarty.

Survivors include a daughter, Mrs. Jim Robinson, a son, Colburn Aubrey, of Dallas and a sister, Mrs. Frank Turner of Spring Hill. Funeral arrangements are incomplete.

For whatever its worth, "Alas, Babylon" will be televised on Playhouse 90 Sunday night, April 3 from 8 to 9:30 p.m. Its dramatic story of survival in a small Florida town isolated after a fictional H-bomb attack on the U.S.

During the month of February Hope Police Department arrested 20 drunks, 13 driving while intoxicated, 11 speeders, 10 for disturbing the peace, 8 for gambling, 6 for running a stop sign, 5 for hazardous driving and five with no drivers' license. A total of 78 arrests with 23 of them being on liquor violations and Hempstead is a "dry" county.

Thinks Master Race Idea Alive in Germany

By PRESTON GROVER

REIMS, France (AP) — Nikita S. Khrushchev charged today that the master race myth is reviving and vengeance is being reborn in West Germany.

Standing less than 100 miles from the West German border on the traditional invasion route from the east, the Soviet Premier told a luncheon audience:

"I am disturbed by the words of (Chancellor) Konrad Adenauer that Germany has the job of saving Europe."

"We cannot accept such a theory that the Germans are a superior race and that the others are servants."

"We must now allow ourselves to fall in an action which will prevent the aggressor from attacking us a third time. Vengeance is being reborn in Germany."

He started off mildly, saying that he wanted to live in friendship with West Germany and had no wish to embroil France with her former foes. But he swung swiftly into the theme he had stressed harshly in Paris: There is a menacing rebirth of German militarism and it is up to the French and the Russians to join together and see it doesn't get out of hand.

Khrushchev's verbal explosion came after a morning tour of battlefields of World War I in the Verdun area, where nearly a half million Frenchmen died in fighting off the Germans in 1916.

The weather was gray and drizzly.

The visiting Soviet leader looked grim as he surveyed the scene of the longest and bloodiest battle of World War I, where poison kept the vow: "They shall not pass."

Silently, Khrushchev visited a Verdun monument where the bones of thousands of unidentified soldiers are piled in sealed rooms of a huge basement. He walked the length of the building and emerged before a crowd of perhaps 700.

Cheered by the crowd, he raised his hands in silent greeting. Some shouted: "No arms to the Nazis!"

Khrushchev passed up the opportunity to renew his charge that new aggressions are plotted by the West Germans.

It had been generally expected that he would choose Verdun to warn once more against the growing alliance between France and Chancellor Konrad Adenauer's Bonn Republic. He has used that theme in pressing his campaign to link France closer to the Soviet Union.

Khrushchev flew from Dijon to Metz to start another busy round in his six-day tour of the French provinces. Metz is an important communications center in the Lorraine iron mining belt, 36 miles east of Verdun. In heavy fog, the plane made a guided landing. Khrushchev drove by car to Verdun.

June 17 Day for Poultry Festival Here

Hope has been selected as the site for the Southwest Poultry Festival to be held Friday, June 17. This will be one of four District Festivals to be held in Arkansas during 1960. As a climax to Dist. Festivals an Arkansas Poultry Festival will be held in Little Rock on June 24-25 at which time the Arkansas Poultry Princess and Arkansas Cooking titles and some excellent prizes.

A committee headed by Ralph Lehman met with Paul Heid, Executive Director of the Arkansas Poultry Federation of Little Rock and Jerry Hinshaw of Springdale, general chairman for the 1960 poultry festivals in Arkansas, to become better informed on the operation of these festivals and to set up some committees that will have the responsibility of carrying out certain phases of the festival.

Outstanding features of the festival will be a poultry princess contest, a chicken cooking contest and a gala Chick 'N' Que. Entrants in the two above mentioned contests will be accepted from the entire Southwest area. Mr. Lehman told the group that Hope had been promised the full cooperation of all of the poultry producing areas in Southwest Arkansas in making this an outstanding affair.

Plans are being made for a meeting at which representatives from the other Southwest areas will be invited in order that an all-Arkansas poultry organization can be formed.

Ike, Macmillan Pleased With Talk Progress

GETTYSBURG, Pa. (AP) —

President Eisenhower and British Prime Minister Harold Macmillan were officially described today as "very satisfied" with the progress of their Camp David meeting on nuclear test ban problems and other issues.

A joint statement reporting particularly on development of a joint position on nuclear tests was being written for release late in the day.

While House press secretary James C. Hagerty said after announcing the statement that it is "safe to say" that the two sides have blocked out a great section of an agreement although discussions on precise wording were continuing at the Catactin Mountain retreat.

Macmillan may begin his return trip to London Wednesday.

He and Eisenhower agreed to continue their private discussion of all sorts of issues—including those to be discussed with Soviet Premier Nikita Khrushchev at the Paris summit session.

The report was given to newsmen on watch here as the British and American leaders worked through the second day of their session at the secluded lodge.

They got an early start by opening the day's talks at the breakfast table.

Vice President Richard M. Nixon joined the talks in mid-morning along with Secretary of State Christian A. Herter, Chairman John A. McCone of the Atomic Energy Commission, James H. Douglas, deputy secretary of defense, and other top scientific and policy advisers. They flew to Camp David.

Nixon's arrival gave a flavor of domestic policies to the international session which opened here Monday.

It placed him for a time in the spotlight along with Eisenhower. Continued on Page Six

Newsboys in 3 Days Cover 1,045 Miles

By ALEX. H. WASHBURN
Editor & Publisher

Hope Star's Newsboy Excursion which left here in two station wagons for the Louisiana Gulf Coast Saturday morning returned home at 9:30 Monday night after covering 1,045 miles.

Instead of returning by the same route they followed outbound the travelers came back from New Iberia by way of New Orleans and Baton Rouge. So the boys saw Avery Island's Bird City one day, and the New Orleans French Quarter and Lake Pontchartrain the next.

Torrential rain dampened the party's Sunday morning excursion to Bird City and Jungle Garden on Avery Island. They closed out their reservations at New Iberia's Frederic Hotel after Sunday dinner and drove through the storm to New Orleans, arriving at 5 p.m. and putting up at the Town House motel, one of the Crescent City's more elaborate hostleries.

Now the Town House has a heated swimming pool, and before you could say "Scat!" eight of our teen youngsters were hitting the diving board, while C. M. (Pod) Rogers Jr., circulation manager, and I huddled in our raincoats. It turned out that not all the boys had brought their bathing suits, so with the management's permission a couple of the smaller lads went swimming in their shorts. Every time some of the more curious motel guests ventured near the pool to see why the rain was making such big splashes Pod and I would yell at the short-clad boys, "Jump in before you get arrested!"

Monday morning we toured Jackson Square and the ancient showplaces of the French Quarter, and drove out to Lake Pontchartrain Beach — but the fog had the place socked in. We left New Orleans at noon and headed home.

Despite the weather the boys enjoyed everything, and they were as well-behaved a crew as The Star has ever taken on the road. We had compliments on their behavior from both the Frederic Hotel in New Iberia and the Town House motel in New Orleans — which is high praise for lively newsboys.

The 10 carriers in our party were: Tony Smith, Mike Braden, Jackie Hearst, Donnie Hatfield, Charles Russell, William Tyler, Kenneth Porterfield, Larry Don Wright, Ronnie Smith, all of Hope and Charles Trexler of Emmet.

Total Negro Boycott Threatened in South Africa Race Trouble

Six Children, All Underfed, Placed in Hospital After Two of the Sisters Found Dead

19 Killed, 40 Hurt in British Storage Fire

GLASGOW, Scotland (AP) — Britain's worst fire brigade disaster—the explosion of a blazing whisky warehouse—killed 19 firemen and injured at least 40 other firefighters Monday night.

The explosion dumped tons of rubble and burning scotch whisky on three fire trucks and rocked surrounding tenements.

Two little girls who had run from their nearby homes to see the fire were at the feared buried in the burning ruins. But they spent the night in a nearby warehouse and turned up this morning.

Intense heat from the smoldering ruins prevented rescue teams from making a thorough search early today.

Officials said that not even during World War II did any single fire claim so many firemen victims.

The six-story warehouse contained 55,000 gallons of scotch whisky and an estimated 5-million-dollars worth of tobacco. The owners said the financial loss might reach 28 million dollars.

The big warehouse had already begun crumbling from flames when the first units of firemen arrived.

A short time later, there was a deep rumble and then the walls bulged and split apart in a deadly cascade of debris. The blast ripped off the roof and shot blazing barrels of whisky into the narrow cobbled streets.

Tons of rubble and rivers of flaming whisky cascaded over the fire trucks.

108 Served Steak by Presbyterians

A crowd of 108 men enjoyed a sizzling steak breakfast on Sunday morning, served by the men of the Presbyterian Sunday School Class. The steaks were furnished by Lester Hobbs, formerly of Hope, but now of Little Rock, where he was named last week to be vice president in charge of sales for the Little Rock Packing Co. Eggs for the breakfast were furnished by Southland Farms.

Still trailing in points, 2400 to 2238, the locals are planning for a record breaking attendance next Sunday when Justice Ed McPadden of the Arkansas Supreme Court, will return to his hometown to teach the lesson, Emory Thompson, contest chairman, is Elroy had backed his truck out hoping for an attendance of 200. The general public is invited.

School Elections Underway

STUDENTS HAVE FILLED ALL AVAILABLE WALL space with posters of their favorite candidates as the time draws near in the annual school election. To vote each student has to buy a poll tax which costs a cent. Candidates will give their campaign speeches each morning at activity time through Wednesday. First primary is set for Thursday and the runoff the following day, Friday.

Demand Made That Pass Plan Be Eliminated

JOHANNESBURG, South Africa (AP) — The Pan-Africanist Congress defiantly demanded today that South Africa's white government abolish its pass system for nonwhites or face a total Negro work boycott.

The militant Negro organization issued its demand as Negroes streamed back to work in Johannesburg after a one-day boycott that exploded into rioting, arson and bloodshed.

The Pan-Africanists expressed regret at the outbreaks but blamed them on the government.

The group sponsored the original anti-pass demonstrations that flared into violence March 21 when white police opened fire on Negroes, asserted in self-defense.

In Parliament, Justice Minister F. C. Erasmus declared the acts of the Pan-Africanists Congress are close to revolution.

"They want our country," he declared. "They want to bring the white government to its knees."

Police swept through the Negro districts of Johannesburg looking for leaders of Monday night's rioting, which centered around the Johannesburg area.

Police reported that the district where 350,000 Negroes live outside Johannesburg was almost back to normal. This was the scene of the first demonstrations against the passbooks all nonwhites had to carry until the government yielded and suspended them temporarily.

The work boycott was called by Negro leaders to mourn the death of 72 Negroes killed a week ago in demonstrations against the passes.

Col. J. C. Lammer, deputy police commissioner in Johannesburg, said four Africans were arrested in connection with the killing of a Negro constable and the wounding of three others.

The body of a Negro civilian was found beside a badly damaged automobile in one Johannesburg township.

The violence erupted as Negroes attacked others returning from work after ignoring a riot.

Speedway Is Subject of Lions Program

One of the best programs of this year was presented to Hope Lions Club yesterday at their regular weekly noon luncheon and business meeting.

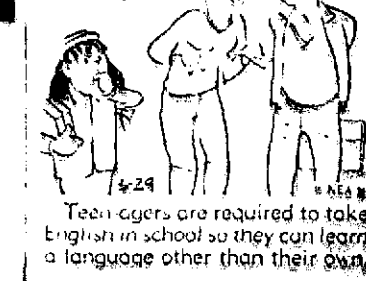

Lion Harry Phillips was in charge of arrangements and presented Bob Veith, a racing driver for the past 14 years and who works for Champion Spark Plug Co. in the off season.

Mr. Veith has driven in the famous Indianapolis "500" Speedway for the past four years and will enter again this year. Bob is one of eight racing drivers traveling throughout the United States with the Highway Safety Program and appearing in many high schools and civic clubs.

Bob presented the film, "Driving With Champions" which showed the famous "500" and afterward made a short talk and held a discussion period. Veith stated that the safety program was directed primarily toward teen-agers and that the eight drivers had spoken before over two million. He specifically stressed that safety belts in cars are a great help in reducing accidents.

Guests of the club were, Bill Gunter, Haskell Jones, Dub Flowers, Ralph Montgomery, Earl Ragains and Clifford Russell. There were 55 members present.

Minister May Run for Governor

WALNUT RIDGE, Ark. (AP)—
 The Rev. H. E. Williams yesterday
 accused Gov. Orval E. Faubus
 of "political tyranny," then
 said he would announce his own
 intentions about the governor's race
 on April 12.

Williams, president of Southern
 Baptist College, charged Faubus
 was "developing a machine and
 political tyranny similar to the
 regime" of the late Huey Long
 of Louisiana. He also accused
 Faubus of "playing the emotions
 of the people."

Williams said the integration
 controversy has obscured the fact
 that Faubus "really didn't have
 a program for Arkansas."

Williams called integration
 "impractical in the foreseeable fu-
 ture."

He also proposed that a com-
 mission similar to the Arkansas
 Industrial Development Commis-
 sion be set up to promote agri-
 cultural industries.

Williams has been talking about
 running for governor for several
 weeks.

Morris told Judge Carl Dahl that he makes \$50 a month working for a logging company.

"Your honor, I work very hard seven days a week," Morris said. "I have a little car repair business at home. In the past two years I've built my home and paid for my land."

"You seem to make a pretty good salary," the judge said. "I can't see why you're not feeding the children."

"We are!" wailed Mrs. Morris. Francella said his legs are very thin and he is very thin and very small. Baby Mary is in the same eyes. "You just ask our grocer, condition. David, she added, is Every week we have a big devoid of sparkle and doesn't grocery bill."

He got up heavily. "An expensive night," he said, looking murderously at the gambler Miller, who had been the big winner.

Bokker counted his money. He was almost \$1800 ahead. Shay had not made out the check he had promised, but Bokker did not remind him of it.

quest of the African National Congress to stay home and mourn 72 Negroes killed by white police gunfire last week.

Trains were stoned, municipal buildings and mission churches set ablaze and roads blocked as inflamed mobs roamed through the nonwhite settlements and even penetrated into the center of Cape Town.

A Johannesburg newspaper reported new riots today inside a Negro settlement near the city.

The business section of Johannesburg returned slowly to normal. Streets were more crowded although many Negroes were delayed reaching the city by blocked rail lines. Rail service was only partially restored.

Defense Minister Jacobus Fouché told the Senate in Cape Town that army and air force units had been reorganized and strengthened with armored cars to help put down any further riots but would act only if the police called on them.

The U.S. Security Council meets in New York Wednesday to take up last week's police shootings, despite south Africa's insistence it is an internal matter outside U.N. jurisdiction.

The riots Monday were triggered mostly by angry Negroes trying to punish other Negroes who ignored the work boycott ordered to protest the shootings last week. The National African Congress and the Pan-Africanist Congress has called for a stay-at-home day of mourning.

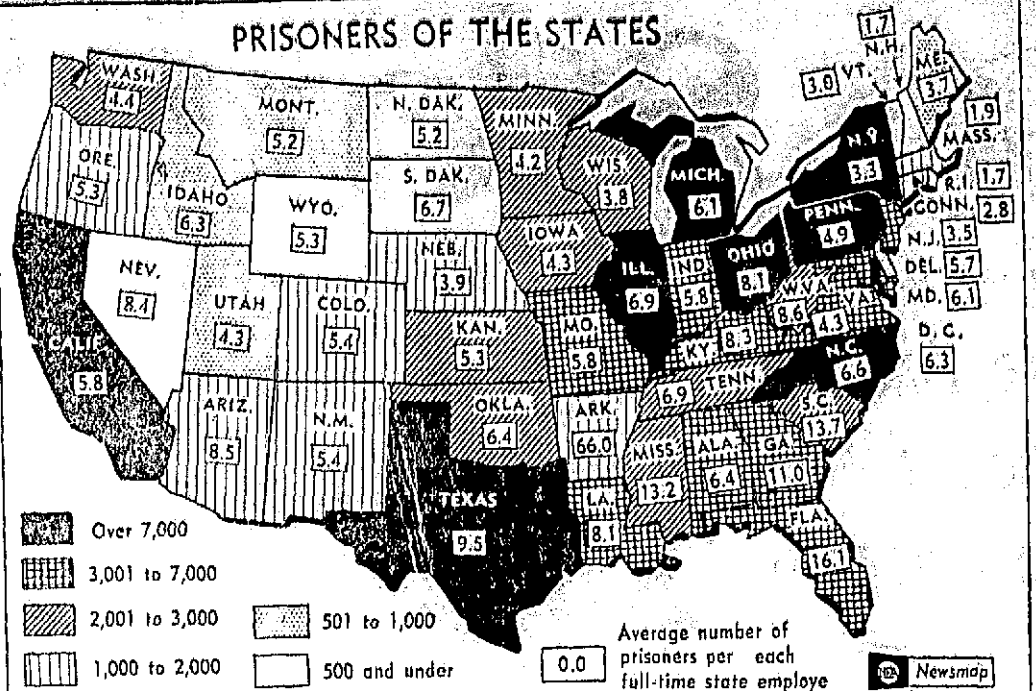

Two policemen—one white and one Negro—were reported killed. A police spokesman said a mob attacked the white constable and two others between townships in the Johannesburg area, slaying one to death and injuring the other two.

A Negro policeman was reported killed in another clash outside Johannesburg.

In Cape Town a crowd of Negro demonstrators surged into the heart of the city, stoning buses and automobiles. A shop window was smashed and a white motorist rescued from the mob when he tried to assist a nonwhite woman his car had bumped. Police tear gas finally dispersed the mob.

In Worcester Township, northeast of Cape Town, police said all the churches, including the segregationist Dutch Reformed Church, Catholic schools and administrative buildings were burned.

Many Negro groups held passbook burning celebrations at the urging of Albert Lutuli, head of the African National Congress. During the weekend the government suspended its rule that Negroes must carry passbooks and show them on police demand. But the police warned that passbook burning was a criminal offense.

BEHIND PRISON WALLS—At the close of 1958 there were 185,425 persons in state institutions for adult offenders, reports the Justice Department. Supervising them were 32,912 prison employees. Newsmap above shows the approximate number of prisoners in each state, together with the ratio between prisoners and supervisory personnel. This ratio ranged from 1.7 in New Hampshire and Rhode Island to 66.0 in Arkansas (where prisoners are used as guards). For the nation as a whole it was 5.6. This was down from 6.4 in 1950, although prison population had increased by some 40,000 during the eight-year period.

Brock Murder Trial Is Set for May 12

In Hempstead Circuit Court on March 23, Judge Lyle Brown set the April term cases for trial as follows:

All civil cases for the week beginning April 4. The trial of Wayne Brock on a charge of first degree murder of his wife was set for May 12. He is represented by Q. Byron Hurst, Hot Springs.

The trial of Lawrence Masters Jr. on a charge of assaulting Sam Ingram with intent to kill him, was set for April 12. Masters, who is serving a 15 year sentence on his plea of guilty to robbing Mr. Ingram, but who had pleaded not guilty to the assault with intent to kill charge when he pleaded guilty to robbery, was returned by the penitentiary at the request of local officials. He was not tried previously because Mr. Ingram was not able to appear as a witness.

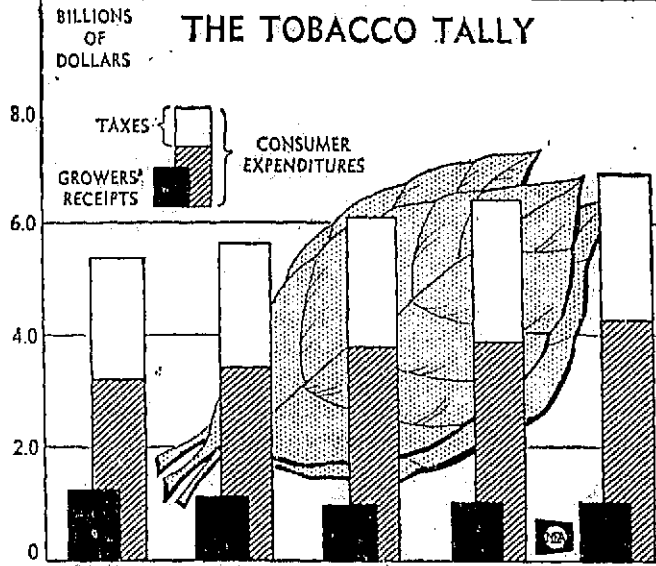

All other criminal cases were set for April 11, with City Municipal Court appeals set for April 14.

The City Commission yesterday found segregation in public buildings.

The answer was an "unofficial" they should use the courts.

"no," Mayor Henry Loeb said. "The Commission is pledged and said they will file a federal court committed to maintain segregation by all legal means."

Manth's public grade and high Loeb suggested that if Negroes school.

MONEY TO BURN—American smokers spent a record 6.8 billion dollars for tobacco in 1959, according to preliminary estimates of the U.S. Department of Agriculture (see Newschart). This was 7 per cent above 1958. Federal and state taxes amounted to 2.7 billion dollars—nearly 40 per cent of the cost to consumers. Growers' receipts were slightly above 1958, but below those of every year from 1951 through 1956.

Bokker winced. "I haven't got much, Paul. I've taken in some money. I put some to Pierson's bail."

"What have you got?" The gambler stayed and Trow called. Bokker put in the extra dollars.

"Cards?" "Two," said Shay. Humley drew only one card and scowled as he looked at it. Bokker felt certain that he had only two pairs, respectable pairs, however.

The gambler took two cards. Fletcher Trow said laconically, "I like the ones I've got."

Bokker drew two cards. One was a ten. He had four tens now. "And three cards for the dealer," the mayor said cheerfully.

The betting was heavy. When it was finished Bokker was \$5 light on the pot.

Bokker had no money in the bank. But neither, he knew, did Paul Shay. Shay had company money, but he had already dipped into it deeply. The bank probably wouldn't honor his check unless there was an invoice from the railroad company to cover a shipment of cattle.

Bokker said, "I'll make out my check after this hand—if I lose." He had gone into the pot with around \$300. But Shay had led the way. He had been short on the previous hand and was short again.

Trow exclaimed testily, "What kind of a game is this?" "Freeze—out, the mayor called it."

Bokker retorted, "How much are you light, Paul?" "Seven hundred and fifteen dollars," Shay said angrily. "Are you calling?"

"I'm calling," said Trow, "with cash."

He put in the money. "I'll call," Bokker said. "Short. Seven hundred and sixty-five dollars."

"What's the use?" Trow snapped. "I could raise again, but nobody except myself is putting up the cash. I've got a queen-high spade flush."

"Beats three kings," cried Shay. "Four tens," Bokker announced, showing the cards.

Trow, beside him, inhaled sharply. "You win, Bokker." He sat still for a moment, then pushed back his chair. "I guess I've had enough."

The gambler on the right stood up. "I'm tired. I need sleep."

Bokker looked at the clock over the bar. It was after four o'clock. If he could keep the game going until six o'clock he was all right.

A half dozen of the spectators left as Humley and Trow also went out. Seven or eight men remained, however, to watch the four-handed game.

The game became a more cautious one. Shay played carefully. At 5 o'clock Shay's luck really did turn. He won four pots in a row, two of them sizable.

Then Miller said, "I'm beat."

Showers in in Midwest Flood Threat

BY THE ASSOCIATED PRESS

Thunderstorms and showers today dumped rain on flood-threatened areas of the Midwest where rivers continued rising from the rapidly melting snow.

The thunderstorm activity extended from Oklahoma northward into Nebraska. Gusty winds hit some areas, including Hutchinson, Kan., which reported gusts up to 63 m.p.h. A tornadic swept near Shallick, in western Oklahoma, Monday night, causing minor damage.

Light drizzle and heavy fog covered areas from the eastern Dakotas across Minnesota into Wisconsin, northeast Iowa and northern Illinois.

Most serious flooding was in parts of Kansas, Nebraska, Missouri and Iowa, with overflows widespread on tributaries of the Missouri River. The floods, which followed a weekend of mild temperatures which melted the heavy snow covering across most of the Midwest, also were reported in some areas in Wisconsin, Minnesota and Michigan.

More rain dampened the Pacific Coast from extreme northern California northward. Showers also sprinkled areas from Montana southward into northern New Mexico, with snow at the higher elevations. Gusty wind kicked up dust storms in parts of New Mexico and western Texas.

Skies were clear from Southern California eastward to Texas and in New England. Mild weather was the rule in most areas. But it was freezing and below along a narrow belt from northeastern Minnesota across the northern Great Lakes region into New England.

Truce Called in Memphis Sitdowns

MEMPHIS (AP)—A truce between Negro lawyers and the city, called in hopes of lessening racial tensions, is in its second and final week with neither side having retreated.

The truce was called so that each side could work toward the end of sit-in demonstrations and other types of racial disturbances.

Eight Negro lawyers, who represent 63 students and newspapermen arrested at sit-ins in city libraries and an art gallery, asked the City Commission yesterday to end segregation in public buildings.

The answer was an "unofficial" they should use the courts.

"no," Mayor Henry Loeb said. "The Commission is pledged and said they will file a federal court committed to maintain segregation by all legal means."

Manth's public grade and high Loeb suggested that if Negroes school.

"I'll play one more round."

The mayor yawned. "I think I'd better get a little sleep, too." He looked at Bokker. "Don't see how you do it, with that head."

"It doesn't bother," Bokker replied.

Shay, faced with only four more hands of poker, decided to bull the game.

The hand took half of Shay's money.

Bokker did not stay at all in the next hand, nor did Longtree. Miller won with a pair of aces. There was no fourth hand. Miller won the third and Shay wound up without a cent on the table.

He got up heavily. "An expensive night," he said, looking murderously at the gambler Miller, who had been the big winner.

Bokker counted his money. He was almost \$1800 ahead. Shay had not made out the check he had promised, but Bokker did not remind him of it.

Will Try to Salvage Some State Poultry

LITTLE ROCK (AP)—Gov. Orval Faubus announced plans today for two mobile laboratories which would try to "salvage" large quantities of Arkansas poultry discarded by federal inspectors.

His disclosure followed a Washington announcement that 93 million pounds of poultry was destroyed throughout the nation last year as unwholesome.

Federal inspectors are posted at plants which process fowl for interstate shipment.

Several million pounds of poultry was destroyed in Arkansas, Faubus said. Most of it was in the Dardanelle and Batesville areas, with only slight effect in the poultry-raising area of north-west Arkansas.

Congressional testimony showed that the high rate of rejection at some plants stirred up sharp protests from the processors. Faubus said the problem had been before him for weeks.

The mobile laboratories will be staffed by qualified veterinarians, Faubus said. They will visit processing plants and check whether the birds being rejected by federal inspectors could qualify as wholesome and edible.

Faubus said processors will bear the lion's share of expenses for the mobile units. The state will furnish some employees.

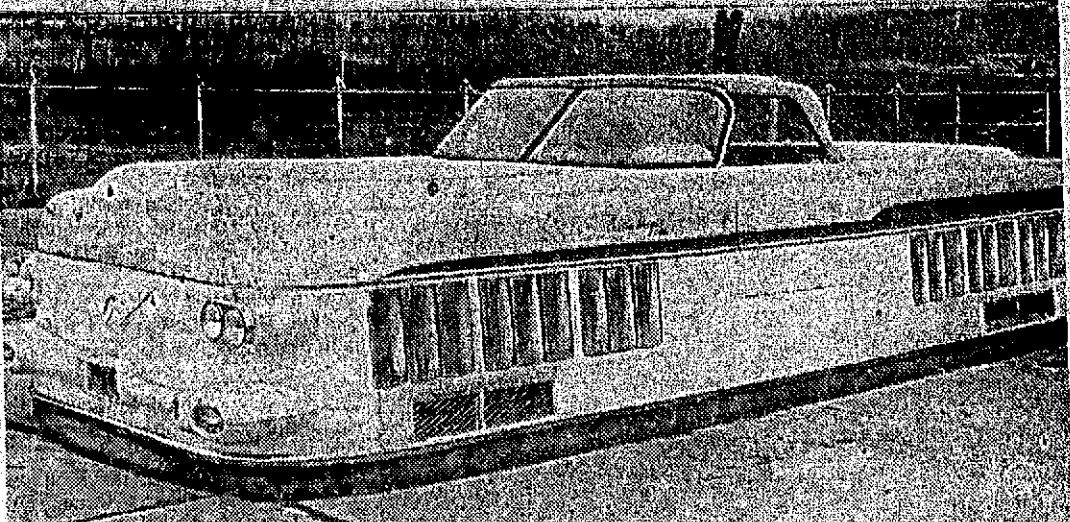

Faubus said two major poultry growers affected by the rejections were Joe Ray of Dardanelle and Harold Snyder of Dardanelle.

"I realize it is just possible that they (the federal inspectors) are right," Faubus told his news conference.

"If they are, then we want to eliminate the cause and with the mobile labs we can start to eliminate defective poultry."

Faubus said laboratories already exist in Russellville and in Fayetteville, but they are stationary.

\$500,000 Suit Dismissal Upheld

LITTLE ROCK (AP)—The Arkansas Supreme Court today affirmed Bradley Circuit Court in its dismissal of a \$500,000 damage suit filed by Paul K. Roberts, Warren attorney.

Roberts contended he had been libeled by a news article appearing in the weekly Warren Eagle Democrat and dealing with his handling of a criminal case in which he was court-appointed attorney.

Both the Circuit Court and the Supreme Court said they found no basis for the complaint.

Justice Jim Johnson dissented to the high court's opinion, written by Chief Justice Carleton Harris.

sources said about four million dollars worth of poultry was destroyed in Arkansas last year and that the figure might rise to eight million dollars this year.

Paar Show From London Mon. Night

By CYNTHIA LOWRY
AP TV-Radio Writer

NEW YORK (AP)—Gypsy Jack Paar and his traveling troupe came to the courtesy of tape, of course — from London Monday night.

The format was that of the New York and Hugh Downs, Hans Conrict and Jose Melis were on hand.

Jack seemed serious, restrained and a bit nervous. Maybe the studio audience was responsible. It was not his own New York partisans and persisted in laughing loudly at unexpected moments — at commercials and slips of the tongue.

Hugh Downs had a big night. He tried a commercial in a British accent on the Paar Show and he made his acting debut in a filmed episode of NBC's "River Boat." I would say that his British accent is as good as his acting.

Next Week's motion picture Oscar awards program will have to go some to be more entertaining than Friday night's awards show on NBC. It consisted primarily of what it promised to be a gentle but nevertheless adroit spoof of television and its devoted viewers. The awards went to logical candidates.

Friday night marks the end of a TV era—the last show Lucille Ball and Desi Arnaz — now sep-Old "I Love Lucy" shows are still very much around on re-runs arated — plan to make together, and re-runs, however.

But although the old order changeth, television will not be entirely without a Desi Arnaz. Desi IV 7-year-old son of Lucille and Desi whose birth in 1953 received more headlines than the recent addition to Britain's royal family, will star on Dinah Shore's April 3 show. Little Desi will play — what else? — conga drums while the youngster who played "Little Ricky" in the TV series — his name is Richard Keith — will lead an all-child band and play drums.

MOP to Discontinue Passenger Service

LITTLE ROCK (AP)—Missouri Pacific Lines operates its last daily passenger train between Little Rock and Kansas City for the last time today.

The Interstate Commerce Commission authorized dropping of the service after Mo-Pac contended it lost money on the runs.

These trains served 42 intermediate points in Arkansas, Oklahoma, Kansas and Missouri. The four states were against the cessation of service, but the ICC said it appeared the two trains were not needed.

Arkansas intermediate points served by the trains included Conway, Mayfield, Atkins, Russellville, Lamar, Clarksville, Ozark, Mulberry, Alma, Van Buren and Fort Smith.

Mo-Pac will have no passenger service in the area in Arkansas when the runs are dropped. The railroad runs six main line passenger trains daily between St. Louis and Texas via Little Rock, and other Mo-Pac trains link Little Rock with Memphis, Hot Springs and Lake Charles, La.

AP&L Reports a Income Increase

LITTLE ROCK (AP)—Arkansas Power & Light Co. has reported a 1959 net income of \$9,300,000 dollars. The figure represents a 12 per cent increase over 1958.

The AP&L annual report showed operating revenue of nearly \$33 million dollars. Some \$9 million dollars was spent for construction and improvements, nearly double the 1958 amount, and taxes amounted to 14 1/2 million.

The report said industrial development brought 48 new plants and 47 expansions, creating 8,600 new jobs with a total payroll of about 28 million dollars. It is the highest increase since 1953.

Fears Children Can't Take Truth

Dear Dorothy Dix: My husband and I have a six-months old baby that is ours; and we each have a child by a previous marriage. The children are five years old—38 days apart, and get along fine. We live close to our relatives. Unwittingly, they keep asking the children how they get along with us and with each other.

Being five, they are very inquisitive. We hate to tell them about our previous marriages but realize we will have to some day. We won't lie to them. What should they know? How should we break it to them? I was 12 when my mother told me about my half-brothers and 18 before I knew my father's name and where to find him. The situation was a little different though. No one knew about it but my mother and stepfather. I think your column is wonderful — J.W.A.

Dear J.W.A.: My mother married a second time when I was three. Knowing that she loved me deeply, I felt no threat to my security and loved my stepfather as if he were my own father. So long as you and your husband love the children, they will accept the truth.

POLIO PREYS ON UNDER-FIVES!

Man to Trial for Harrison Slaying

HARRISON, Ark. (AP)—Beverly Kirby, 38, today goes on trial in Boone County Circuit Court for a second time on first degree murder charges.

Kirby, a Harrison postal clerk, is charged with the fatal shooting of J. For Moore on a Harrison street last July 26.

At a trial last fall, a jury acquitted Moore's estranged wife of a murder charge, but was unable

cept whatever you tell them with equanimity. Only the unloved are hurt.

Give them the truth as soon as possible. Pick a time when you are all together. Let the details wait till the children are older.

Dear Dorothy Dix: You have helped quite a few girls so maybe you can help me. I write in a boy who is in the Army in Germany. He won't be back for one year and a half. My best friend is going with a boy who comes to see my brother, stays till about ten and leaves. Lately he sits down beside me and kisses me when he leaves. I believe I like him but am afraid if my girl friend finds out, she will be mad. I wouldn't blame her one bit. What is the right thing to do?—Puzzled.

Dear Dorothy Dix: You know the answer as well as I. Give the kiss-snatcher the gate unless you want to be a double-crosser. The cornerstone of friendship is loyalty. Send a stamped, self-addressed envelope for my leaflet, "Firm Friends."

Dear Dorothy Dix: I am being married this month. This is my problem. I am having a baby in about four weeks. Where I work they do not know about this. After I am married, should I go back to work, or wait till the baby is born? My mother does not know. My sister does. She said, "You should be happy he is marrying you!" Help! — R. C.

Dear R.C.: You'll certainly be greeted by raised-eyebrows if you return to the office before, or soon after your baby is born. Can't you and your husband go away until you've been married long enough to make dates jibe? Remember, what people don't know won't hurt them.

Industrial Financing to Be Studied

LITTLE ROCK (AP)—The State Supreme Court yesterday took the case of a new industrial financing law under advisement after hearing an attorney urge that it be voided to prevent financial distress.

In a rare afternoon session, the court heard Knox Kinney of Forrest City compare financing under the new law, Act 9 of 1960, to the road improvement districts of the 1920s.

Kinney termed the rush to issue road bonds "a financial debacle," the children of our fathers still paying for the facilities that no longer exist.

He said Act 9 would "open the door for possible financial disasters." Act 9, passed by a special legislative session in January, permits cities and counties to issue tax-free revenue bonds for industrial development.

Attorney Herschel Friday of Little Rock, representing the other side in the test case, contended Act 9 unshackles industrial bonds and promises a new era of industrial progress.

Batesville voted to issue one million dollars in bonds under the act to help finance a 1 1/2-million dollar Seiberling Rubber Co. plant there. Independence County voters approved another \$500,000 in bonds under a companion industrial financing law.

to reach a verdict against Kirby. Kirby testified he had dated Mrs. Ruby Moore, 40, after she had separated from her husband. Kirby and Mrs. Moore both testified the shooting occurred in self-defense.

Orioles' Hopes Depend on Two Rookie Hurlers

By JACK HAND
Associated Press Sports Writer
MIAMI, Fla. (AP)—Baltimore's hopes of a first-division finish lean heavily on a kid pitching staff, two rookie infielders and Jackie Brandt's play in center field.

Brandt could lighten up the outfield. The kid pitchers should be better. If the infield is to improve, either Marv Breeding or Jerry Adair must make it at second and Ron Hansen must do the job at shortstop.

"If the kids develop we feel we can do better," said Manager Paul Richards, who has a talent for handling pitchers.

"We do not have quite as acute a problem in the outfield as we had last year. We couldn't seem to muster a tight defense and still retain an offense. We have a better double play possibility. If we can improve our defense, it should make the pitching all the better."

Hoyt Wilhelm (15-11) and Hal (Skinny) Brown (11-9) and balance to the young staff.

Richards could have four starters, whose ages would average 21. Milt Pappas (15-9), is only 20; Jerry Walker (11-10) and Jack Fisher (1-6) are 21; and Chuck Estrada (14-6 at Vancouver) is 22. Steve Barber, 21, has been the left hand of the camp. The left-hander with a 7-11 record at Pensacola last year, could be the southpaw in the bullpen. The other lefties are Billy Hoelt (2-5) and Rip Coleman (2-10). The rest of the staff will come from Arnold Portocarrero (2-7), Wes Stock (6-6 at Vancouver), Bob Mabe (4-2 at Cincinnati), Gordon Jones (2-2 at San Francisco) and John Anderson (12-9 at Miami).

Although John Powell, a rookie first baseman who was in high school a year ago has been hitting over .500 in the exhibitions, he has had only part of a year in class D at Bluefield W.Va., where he hit .351. Bob Boyd (.265) and Walt Droppo (.278) probably will share the first base job.

Breeding (.238 at Vancouver) has been a hitting whiz in the spring games at second base. Heir, also, a second baseman (.309 at Amarillo) is also fighting for Billy Gardner's (.217) job.

Hansen, a young man who underwent a serious spinal operation in 1957, may be ready to take over short after a .250 year at Vancouver. If not, Billy Klaus (.249) will do. Brooks Robinson (.284) is set at third.

Brandt (.270 at San Francisco), acquired from the Giants, is expected to take over center, a weak spot last year. Gene Woodling (.300) will do the job in left. Right field is up for grabs among Willie Tasby (.250), Al Pilarcik (.282), Albie Pearson (.216) and John Powers (.256 at Cincinnati).

Gus Triandos (.216), handicapped by a hand injury last year, will do most of the catching with help from Joe Ginsberg (.1) and Gene Green (.303 at Rochester).

Bonus Baby Misses, Goes to Doghouse

By JOE REICHLER
Associated Press Sports Writer

ST. PETERSBURG, Fla. (AP)—Frank Howard, the towering Los Angeles Dodgers bonus baby, took up residence in the doghouse today for missing a practice game.

Howard, who collected \$108,000 in bonuses after being graduated from Ohio State, was placed on probation and fined. There were indications that if his department does not improve, he will stay in the kennels.

Howard, 6-7 and 240 pounds, was scheduled to appear in the Montreal-Spokane game at the Dodgers' Vero Beach base Sunday while the main squad traveled to West Palm Beach for a game with the Kansas City A's. He didn't show up.

This was the second time in two weeks that Howard had been AWOL. A week ago Sunday, he missed the Dodgers' plane to Orlando and returned home without working out at Vero Beach. He lives off base with his wife.

"He will be fined," said General Manager Buzz Bavasi. "The amount will be determined by his behavior the rest of the spring."

"I am very unhappy about this incident particularly because it was a paid game to which fans paid to see Howard and other Dodgers."

"I told him: 'We've got an investment in you, not you in us. I can't have one set of rules for you and another for the other players.'"

Howard, it was learned, was unhappy about being left off the traveling squad Sunday.

"I can't make the team staying behind at Vero Beach," he told Manager Walt Alston.

"Then he got smart," Alston said. "He goes to the batting cage and hits 15 more than anyone else."

"His trouble is that he's always trying to hit those 600-foot home runs," observed Alston. "I'd rather he hit two 300-foot home runs than one 600-footer. He also has a problem with the strike zone."

Howard declined to say a word about his misadventures, but Bavasi said he realized the error of his ways. He worked out Monday.

"He's got to learn where it is and hit the ball a little softer."

Travelers Are Back in Southern

LITTLE ROCK (AP)—The Little Rock Travelers are back in the Southern Assn.

A franchise forfeited by New Orleans was accepted yesterday by a group of businessmen and fans who have been conducting a fund drive to get money to operate.

The group said funds and pledges are not what the board of directors considers sufficient, but "action has been taken in order to secure the franchise and in order to take initial steps on the repair of the field and the assembling of the baseball team."

"The group" said the fund drive would continue. Shares of stock are being sold at \$5 each. No figures were released.

Little Rock gets 12 players with the franchise. Other minor league teams have offered to contribute talent and major league clubs also will be solicited for aid.

The Travrs will open the season April 16 at Shreveport. Their home owner will be April 19 against Birmingham. The team will train at Winter Garden, Fla., in facilities offered by the Chattanooga Lookouts.

Little Rock lost its Southern franchise to Shreveport in 1958. Southern Assn. President Charles Hurth said in New Orleans the franchise was awarded to Little Rock by the unanimous action of the league directors.

"I'm very glad, of course, to have Little Rock back," he said. "For once again we have an eight club league."

"The league, I believe, can look forward to a fine season."

State Defeated by DePaul U.

JONESBORO, Ark. (AP)—DePaul University slayed off a ninth inning Arkansas State College rally to take a 5-3 baseball decision yesterday.

The rally ended with the bases loaded when Bill Caldwell's long fly to right field made the final out.

Winning pitcher was John Cassidy. Terry Everett was the loser. Sam Hardy of DePaul and Andy Morris of Arkansas State had three hits each.

Pollet Has Card Hurling Staff Winning Game

By MIKE RATHET
Associated Press Sports Writer

Right-hander Ron Kline, traded to St. Louis when he came down with a case of foot-in-the-mouth disease at Pittsburgh, is another of the Cardinals' pitching ruffians developing winning ways under the tutelage of coach Howie Pollet.

Kline became the third consecutive member of the Cards' mound staff—worst in the National League last season with a 4.34 earned run average—to go the full nine innings and win when he limited the American League champion Chicago White Sox to six hits Monday in a 3-1 victory.

It was the fifth straight exhibition victory and the ninth in the last 10 games for St. Louis, which previously received route-going performances from Larry Jackson and Vinegar Bend Mizell.

Kline, who says he became trade bait at Pittsburgh after some caustic comments about the way he was being handled, has not allowed an earned run in 19 innings.

Kansas City's Ray Herbert stretched his scoreless string to 18 innings with seven shut out frames as the A's defeated Detroit 4-1. In other games, Los Angeles thumped New York, 9-3, and the Baltimore Orioles turned back the Cincinnati Reds, 2-1, in a 10-inning night game.

Gil Hodges and rookie Charley Smith hit home runs for the Dodgers while Johnny Podres scattered six hits in a strong seven-inning stint against the Yanks. The world champions belted Bob Turley for 10 hits in six stanzas, including Smith's inside-the-park bell with two on.

Canadians Leading in Playoffs

By THE ASSOCIATED PRESS

The National Hockey League champion Montreal Canadiens—moving along at their usual rocket like pace—skate out to make it three in a row over the Chicago Black Hawks tonight as the Stanley Cup semifinal series resumes.

Toronto, with a 2-1 edge over Detroit, plays its second game of the best-of-seven series at Detroit with both teams still pretty much winded after Sunday night's 5-5 triple overtime thriller won by the Leafs.

Chicago, which lost its first two games at Montreal, expects to have its large platoon of walking wounded ready for the home folks. After last Saturday night's overtime loss, the Hawks had Bobby Hull, the NHL scoring champion, Ted Sloan, Eric Nesterenko, Ken Wharram, Bill Hay, Dollard St. Laurent and Al Arbour hobbled by a variety of ailments.

The Canadiens, seeking their fifth straight Stanley Cup, are in good shape.

After tonight's game in Chicago, Montreal and the Hawks will play one more in Chicago and move back to Montreal if a fifth game is necessary. Detroit and Toronto a fifth game Thursday.

Cubans Angry Over Baseball Cancellations

By ED WILKS
Associated Press Sports Writer

MIAMI (AP)—U. S. Cuban baseball relations were strained alarmingly today in a dispute that reached up to the State Department.

It all started when Lee MacPhail, president of the Baltimore Orioles, canceled a series of three exhibition games scheduled to open Monday night in Havana against the Cincinnati Reds.

This brought an immediate barrage of criticism from Cuban officials from top to bottom. But MacPhail stuck by his guns and kept the games in Miami.

Complained Maj. Felipe Guerra Matos, the Cuban government sports director:

"The action was an aggression to Cuban baseball and the Cuban people."

He added the Cuban government could not passively contemplate cancellation of the games.

Said MacPhail:

"We did just what we thought best for the club. Ten or 12 players didn't want to go to Cuba, but we could have gotten up a squad to make the trip."

One Cuban newspaper reported that the State Department had been approached by Commissioner Ford Frick but "sought no action at this time."

Frick, in New York, denied this.

"It was Baltimore's decision as home team to play where they wished," he added. "My office had nothing to do with it."

In Washington a State Department spokesman said the department had not been approached.

"We would have no objection," he said. "In fact, the department would probably look with some favor on our boys playing there."

After all, half the Senators (Washington Senators) are Cubans.

Gabe Paul, general manager of the Reds, said he was disappointed that the games were not held in Havana, and that "we haven't the slightest apprehension about playing in Cuba."

Bennett Sees as Many as 6 Candidates

By JOHN R. STARR

LITTLE ROCK (AP)—Atty. Gen. Bruce Bennett continued today to spread out issues for this summer's gubernatorial campaign, and predicted there may be as many as six candidates in the race.

Bennett charged the state income tax structure was revised by the administration of Gov. Orval E. Faubus to "burden the little fellow" while giving relief to out-of-state corporations.

This charge was made in a general attack on the Arkansas tax structure.

Bennett and Faubus, who seeks a fourth term, are the only announced candidates for governor. But Bennett said he is certain the Rev. H. R. Williams, president of Southern Baptist College at Walnut Ridge, will be in the field.

"I think there will be four or five and maybe even six candidates in the Democratic primary," Bennett said.

He declined to give names of other persons he thinks may enter the race.

Williams said yesterday he would decide by April 12 whether to run.

"I say he'll be a candidate on April 12," Bennett said. "I think it's a good thing that the people of Arkansas have a good cross-section of candidates to choose from."

Bennett said the state's tax structure would be "one of the great issues of the campaign." Bennett previously has indicated he will challenge the Faubus administration's policies on integration, welfare, labor and the property reassessment program.

"Arkansas' total income for fiscal 1959 was 73 million dollars over the income of 1955," Bennett said. "There needs to be a determination whether this money is being properly distributed among the agencies which were supposed to receive it."

Bennett indicated he felt counties were due a larger share of state turnback funds. "We hear a lot about states rights," he said. "What about county rights?"

The attorney general said the property reassessment program, adopted under the Faubus administration, had forced counties to raise taxes while the state's Public Service Commission was reworking its assessment formula to give utilities and railroads a property tax break.

Bennett said his information about income taxes for out-of-state firms came from a "confidential but highly respected source."

"This formula change cannot be checked in the records," Bennett said. "I'm not sure whether it has been approved or not, but it was put into effect two years ago and the statute of limitations will give these companies the benefit of the tax reduction unless there is some definite action soon."

He offered no details.

Ike, Macmillan

and Macmillan. White House press secretary James C. Hagerty said Eisenhower always likes to have his vice president take part in a conference. Hagerty also told questioners he knew of no plan to consult with Democratic aspirants in this year's presidential election race.

The immediate task before Eisenhower and Macmillan was to put the finishing touches on a new U. S.-British proposal to the Soviet Union for prohibiting nuclear weapons tests.

But it was becoming increasingly clear that their concern with world problems was much broader than that.

Preparations for the May 16 summit conference at Paris with President Charles de Gaulle of France and Soviet Premier Nikita Khrushchev reportedly occupied much of their time.

The President and Prime Minister started their work day at 8 a.m. Aspen Lodge, the central cottage in the Camp David group. At the table with them were Undersecretary of State Douglas Dillon and Asst. Sec. Harold Caccia and Con O'Neill of the British Foreign Office on the British side.

Several other aides were also present.

Those and other experts worked in Washington Monday after Macmillan and Eisenhower came to Camp David. It was understood that they had worked out the major problems involved in developing a united British-American plan for the next move in nuclear test talks with the Soviet Union at Geneva.

Eisenhower and Macmillan, who flew to the Catoctin Mountain retreat before lunch, spent more than five hours together Monday afternoon and evening. Late in the day they visited Eisenhower's Gettysburg farm.

State Only One to Take Butler Serious

Arkansas apparently is the only Southern state which has taken National Democratic Chairman Paul Butler seriously in his proposal that Southern states send delegations to the convention which promise to support the party's nominee and platform.

Democratic leaders in most other Southern states were cool toward the recent proposal, even though some said there was no question that they would support the party.

Butler's request could result in two delegations from some states. Arkansas Gov. Orval E. Faubus said yesterday that he has evidence of a move to send a rump Arkansas delegation to the Democratic National Convention in Los Angeles this summer.

The governor told a news conference that some well known Arkansas Democrats are planning the delegation in answer to Butler's plea. He did not name the Democrats.

Faubus said he was going to support the Democratic party if the Rev. H. R. Williams, president of Southern Baptist College at Walnut Ridge, will be in the field.

Gov. Buford Ellington said Tennessee will send one delegation to the Democratic National Convention and that it will support the party "in spite of Butler."

"It is clear cut that the delegates of the South Carolina Democratic Party cannot bind the state party" at the national convention to a commitment to support any candidate, said Gov. Ernest Hollings noted that the party has called for reconvening the state convention to consider a course of action in the November general election after the national convention.

He added that the delegates from South Carolina will go to Los Angeles "in good faith to try to work for and with the national party."

George Lewis Bailes Jr., the vice chairman of Alabama's Democratic Executive Committee, said there is little chance that Alabama will send two slates of delegates to the national convention.

"There has been no talk whatsoever of any duplicate or additional set of delegates to be sent from this state," he said.

Gov. Ernest Vandiver of Georgia was convalescing from a heart ailment and unavailable for comment.

There was no comment from governors or other party leaders in other Southern states.

dun. A visit to famed Reims Cathedral, a tour of a champagne cave at Epemany and an official dinner in Lille rounded out Khrushchev's day.

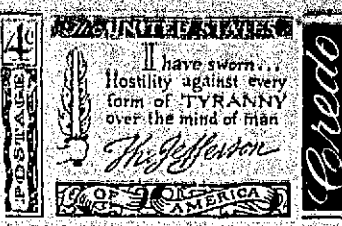

Tasmania in the South Pacific was named for Abel Janszoon Tasman, a Dutch navigator. He also discovered New Zealand and the Fiji Islands.

James Hagerty said that apart from the nuclear test problem they talked about a number of other subjects involved in summit preparations. They are to meet with French President Charles de Gaulle and Soviet Premier Nikita Khrushchev at Paris May 16.

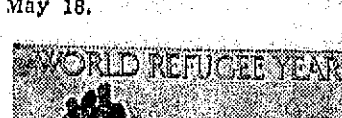

Eisenhower and Macmillan were understood to be substantially agreed that if the Soviet Union is prepared to accept a fully safeguarded treaty prohibiting against major nuclear weapons tests, the United States and Britain will agree to a short-term moratorium on small, hard-to-detect underground blasts.

Britain has favored such a moratorium all along. Eisenhower and his advisers have been reluctant to enter any agreement to ban tests that are difficult to detect.

Two Admitted by Supreme Court

PINE BLUFF, Ark. (AP)—Knox Nelson, 33, Jefferson County representative for the past four years, announced yesterday as a white man's North Little Rock candidate for the State Senate seat now held by Sen. Sam Levine of Pine Bluff.

Nelson, also of Pine Bluff, has supported the administration of sioners for the past 21 years Gov. Orval E. Faubus.

Levine who has opposed some of Faubus' measures, first announced for renomination, but two of the last three commissioners withdrew Saturday to run for Fourth District chancellor.

Nelson said he would file his pledges with Secretary of State C. G. Hall this week.

Castro Not Bound by the Rio Pact

By ROBERT BERRELLEZ

HAVANA (AP)—Fidel Castro served notice Monday night his government does not feel bound by the 13-year-old Rio pact calling for concerted action by the American republics against communism.

In another of his marathon television broadcasts, Castro implied remarks by Secretary of State Christian A. Herter in a radio-TV interview March 20 were a threat to label the Cuban government Communist and thus bring into effect the terms of the Rio pact.

"We do not feel ourselves obligated to the Rio (treaty)," Castro asserted, "because the revolutionary government did not sign it."

Castro thus repudiated previous statements he made here and in the United States last year that his government would abide by all international treaties entered into by previous Cuban governments.

Cigarettes May Be Made a Bit Safer

By ALTON BLAKESLEE
Associated Press Science Writer
LOUISVILLE, Ky. (AP)—"Safer" cigarettes may already be on the market, and a cancer researcher says he hopes to learn if they really are safer.
These safer smokes may be those containing only one-fourth the nicotine and one-half the tar content of standard non-filter cigarettes, said Dr. J. E. Cuyler Hammond, director of statistical research for the American Cancer Society.
A vast, six-year study of more than one million Americans, now under way by the ACS, may show whether those who switched to the "safer" cigarettes actually live longer, Dr. Hammond told a seminar for science writers.
Dr. Hammond is convinced cigarette smoking is "the principal cause" of lung cancer now.
Despite all recent warnings, cigarette sales are at a new high, but perhaps the warning hasn't fallen on deaf ears because sales of filter-tipped and low-tar, low-nicotine cigarettes have increased tremendously.
Dr. Hammond said, "It appears the majority of Americans want to smoke, but they want to do so without running the risk of lung

U.S. SPACE SCHEDULE FOR 1960

The Missile:		The Mission:	
INTERPLANETARY PROBE	VENUS MERCURY EARTH	To reach the orbit of Venus, test long-range communications and study make-up of space between earth and Venus.	
WEATHER SATELLITE		To study cloud formations.	
COMMUNICATIONS SATELLITE		To bounce radio signals from New Jersey to California by means of 10-story-high aluminized balloons.	
RADIATION SATELLITE		To study radiation belts around the earth and test temperature controls.	
LUNAR PROBE		To place satellite into orbit around the moon.	
THREE OR FOUR EARTH SATELLITES		To study weather or communications; to measure radiation; to check effects of meteor dust on satellite in space.	
MERCURY CAPSULE		To flight test Mercury capsule aboard 250-mile-range Redstone missile in arc-like short trip; also, similar test using Atlas ICBM.	

BIG YEAR IN SPACE—If launchings go off according to schedule, 1960 will be the busiest year in space activity yet. National Aeronautics and Space Administration has announced a full line-up of scientific satellites and probes, shown in timetables above. Among the satellite shots will be two attempts to place a satellite in orbit around the moon.

The Missile:		The Mission:	
MERCURY CAPSULE		To orbit one-ton Mercury capsule (two attempts); animal may be carried on one trip.	
MERCURY CAPSULE		To bring capsule back through atmosphere after launching by Redstone (two attempts); man may possibly ride in second one.	
LUNAR PROBE		To orbit satellite around the moon.	
WEATHER, IONOSPHERE SATELLITES		To study weather; to study movements of ionosphere and its effects on long-range radio communications.	
ALTITUDE PROBE		To sample different layers of the ionosphere from 5,000 to 10,000 miles up.	
MERCURY CAPSULE		To recover capsule after short Redstone ride (three attempts); one will carry a man about 100 miles into space.	
MERCURY CAPSULE		To orbit unmanned capsule.	
INTERPLANETARY PROBE		To study electrified gases and magnetic fields in outer space.	
SCIENTIFIC EARTH SATELLITES		To obtain profile of the ionosphere; to measure cosmic radiation; to study radiations from the sun.	

Plans also call for firing a space probe into the orbit of the planet Venus—not to hit it, but to study guidance and long-range communication systems. Probably most exciting prospect is the first firing of a rocket with a man aboard in a 100-mile-high arc. This prelude to a manned satellite will occur before the end of the year, according to announced plans.

Congressman Collapses, Dies in House

WASHINGTON (AP)—Russell Vernon Mack (R-Wash.), 68, a congressman since 1947, collapsed and died in the House of Representatives Monday.
He had been talking on the floor of the House with Rep. Henry Aldous Dixon (R-Utah) and Rep. Thomas M. Pelly (R-Wash.). "It's a nice day, isn't it?" Dixon remarked.
"Not for me," Mack replied.
Then Mack fell to the floor, striking his head on a seat. Three House members who were medical doctors rushed to his side and carried him to a cloakroom. They were Reps. Thomas E. Morgan (D-Pa.), Dale Alford (D-Ark.) and Walter H. Judd (R-Minn.).
Dr. George W. Calver, physician to Congress, pronounced Mack dead of a coronary occlusion.
Mack's death leaves the House party makeup at 280 Democrats, 151 Republicans. There are six vacancies. Mack was the 11th member of Congress to die since the present session began in January 1959.
He is survived by his widow.

Rice Bill Goes to President

WASHINGTON (AP)—A bill to put marketing quotas for rice into effect any time the Secretary of Agriculture finds that stocks exceed the normal supply is before President Eisenhower.
The Senate passed the House-approved bill yesterday. Previously the quotas did not take effect until supply exceeded normal by more than 10 per cent.

Paragould School Board Recall Asked

PARAGOULD, Ark. (AP)—Recall of four members of the Greene County Tech School Board was asked in petitions filed yesterday with County Clerk J.P. Reed.
If enough persons signed the petitions, the County Board of Election Commissioners will have to call an election.
Supporters of the recall movement say they have five per cent more signatures than required. Named in the petitions are Frank Robinson, Jack Cox, Tommy Ballard and Charles Cupp. The recall movement reportedly stemmed from a shift of pupils in Alexander School to Lakeside School. The four men voted for the transfer.

Memphis State to Name Humphreys

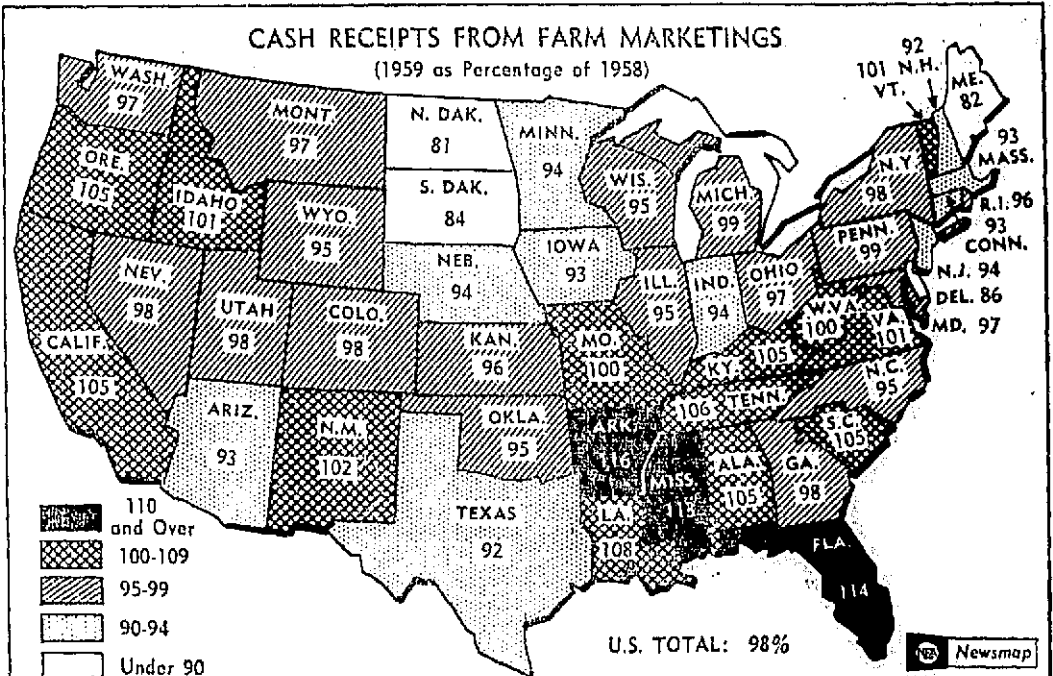

MEMPHIS (AP)—The State Board of Education is expected to name Dr. Cecil C. Humphreys president of Memphis State University today.
The former University of Tennessee football player and FBI agent has been acting president of the university since the resignation in January of J. Millard Smith.
Ernest C. Ball, of Memphis, head of a special committee to choose a permanent successor to Smith, said the five members had concurred in the recommendation of Humphreys.

FARMERS GOT LESS IN '59 MARKETINGS—Farmers' cash receipts from farm marketings were two per cent less in 1959 as compared to 1958, in the national average. In two states cash receipts were about the same; they were lower in 32 states and registered significant percentage rises in three states only: Arkansas, Mississippi and Florida. Data from Agriculture Department's agricultural marketing service.

Court Likely to Rule on Sitdowns

By THE ASSOCIATED PRESS
A city court conviction of 43 Negro students for trespassing in North Carolina has laid the groundwork for a possible U.S. Supreme Court decision on lunch counter demonstrations.

At the age of 37, she left most to her property to her only surviving son, Ross Edwards.
Two granddaughters, Mrs. Marjorie Edwards Ross and Mrs. Claudine Edwards Lynch, who received \$100 each, challenged the will as a forgery.
They are daughters of a deceased son of Mrs. Edwards.
Loan Probate Court said the will was valid. So, on appeal, did the Supreme Court.
The Supreme Court opinion, written by Justice Ed F. McFaddin, said that Mrs. Edwards "was a remarkable woman; left a widow when her three sons were young; she managed her property most efficiently and was president for many years of the Citizens Bank in Booneville."

Second Murder Trial

HARRISON, Ark. (AP)—Beverly Kirby, 38, goes on trial on first degree murder charges for the second time today.
A jury last fall was unable to reach a verdict after hearing evidence against Kirby, a Harrison postal clerk accused in the fatal shooting of J. Fon Moore on a street here last July 26.
The same jury acquitted Moore's estranged wife, Mrs. Ruby Moore, 40.
During the first trial both Kirby and Mrs. Moore testified that the shooting occurred in self-defense. Kirby testified that he had been dating Mrs. Moore, who had separated from her husband.

Says Hoffa Trying to Get Pal Named

WASHINGTON (AP)—Teamster President James Hoffa is trying to get one of his allies named to the union's monitor board, Sen. John L. McClellan (D-Ark.) charged yesterday.
In a statement in the Senate, McClellan said, "Nowhere is his (Hoffa's) contempt for law better illustrated than in his efforts to undermine the monitorship imposed by the courts."
He said Hoffa is seeking to have William Bufalino, a lawyer whose operations as president of Detroit Teamsters Local 885 were denounced by McClellan's Labor Rackets Committee, named to the monitor board.
McClellan termed Hoffa a bold and cunning man who has embarked on an effort to "purge" congressmen incurring his enmity.
